Saalbach Hinterglemm

A story of „Success Unlimited“

We have the pioneering spirits of times gone by to thank for their endurance to make it their personal aim to transform Saalbach Hinterglemm from a small poor farming region to one of Austria's leading ski resorts.

Experience the Skicircus Saalbach Hinterglemm Leogang and be enchanted.

Ski unlimited

From gentle slopes to wide carving pistes or the black World Cup descent – from top shaped fun parks to the race course and virgin powder fields. There are 200 km of perfectly prepared pistes with 55 modern lifts. The main lifts take you directly from the centre up to the summit regions at 2000 m and 14 slopes into the valley take you right back to the hotels.

For cross country skiers there are 8 kilometres of classic and freestyle tracks going from Hinterglemm to the the cosy Lindlingalm in the end of the valley, taking you through forests and across alpine pastures. At the Reiterkogel at an altitude of 1,400 metres you can race on a 4 kilometre freestyle track.

In Maishofen (12kms away), the cross country skiing “Mekka”, there are 35 kilometres of classic and freestyle tracks as well as a flood lit track.

The slopes and the cross country tracks are in walking distance or can be reached by ski bus. The majority of the hotels are ski in/ski out.

Fun Unlimited

Floodlit pistes with funpark, tubing, icekarting, a Skidoo Park and lots of fun on the floodlit toboggan runs for those who never tire of action! At the end of the valley in Saalbach Hinterglemm is Europe's highest tree-top trail. Combined with the “Golden Gate Bridge of the Alps” this attraction is unique.

Entertainment Unlimited

For those seeking pulsating nightlife, you will find never ending options in Saalbach Hinterglemm: whether at the magic huts, après ski or in the countless pubs, bars and events with live music. The music ranges from traditional folk, après ski or rock music to hit songs, dance music and theme parties. In the card casino of the Alpine Palace hotel you can enjoy poker gambling.

Wellbeing Unlimited

From first class spa hotels to snow shoe walking through the deep snow covered forests to a romantic sleigh ride – all are on offer to our guests. Relaxing sunbathing on the terraces of the cozy mountain huts with breathtaking views over the peaks of over 2,000 meters – moments to treasure. The Skicircus also has over 40 huts where one can sample culinary delights and regional dishes in a cordial environment.

Saalbach Hinterglemm Unlimited

Saalbach and Hinterglemm are naturally grown towns with a church, market place, narrow food paths and a promenade. Along the promenade various restaurants, pubs, pizzerias and cafes offer a huge variety of international and regional dishes as well as pasta, pizza and tortes.

Craft, souvenir and specialties shops as well as boutiques with international designer clothes, sport shops and perfumeries invite to an extensive shopping tour.

From the various hotels along the promenade you have an easy access to the lifts.

The contrast between tradition and internationality gives Saalbach Hinterglemm a unique and individual touch and makes you for sure feel good.
